County Chamber Aims Aired Here In Joint Meeting

Aims of the Nevada County Chamber of Commerce and its relationship with the Truckee-Donner Chamber were outlined at a breakfast meeting held at Manzo's Tuesday morning.

It was definitely established that the county chamber will not in any sense replace the functions of the local organization, but will operate as a county agency, similar to the county board of trade which it replaced, but with increased power.

Twelve local members and nine members of the county board of directors attended the meeting to discuss in detail the future plans of both organizations. Coy Miller, temporary chairman of the county group presided, assisted by Daven Morey, local chamber president.

The county chamber, a non-profit incorporated group, has obtained sanction from the board of supervisors to handle all exploitation funds, maintain headquarters, hire personnel, including a manager at a salary of $10,000 a year and to disseminate information on county activities.

The agreement provides that the county auditor place any unencumbered exploitation funds to the chamber's account. Approximately $20,000 in county funds will be available to cover the remainder of the fiscal year ending June 30, 1967.

A committee has been selected to employ a manager and another to draw up by-laws and submit corporate papers to the state.

County funds made available to the chamber will be augmented by membership fees to be collected from business people throughout the county.

James Harris of Truckee is vice chairman of the county chamber.

Plans Advancing For New Boat Ramp

Two engineers from the resources agency of the state department of parks and recreation were here last week conferring with Dr. H. P. Tapia, newly appointed superintendent of the Truckee Donner Recreation and Park District, relative to the construction of a boat ramp on Donner Lake.

The two, William Van Dyck and Larry J. Thomas, acocmpanied Dr. Tapia on a survey of the lake and tentatively decided the most accessible and best location for the ramp would be east of Donner Lake Lodge. A study will be made of availability of property, whether a minor fill can be made and other pertinent questions resolved.

At a recent meeting of the small crafts and harbors commission, Dr. Tapia obtained a grant of $50,000 to build the ramp. However, funds will not be available before July 1, next year and work probably will not start before September.

A potential parking area with rest rooms and a sewer line connection are all under present study but the engineers said they could not see any difficulties in the way.

The ramp will be 28 feet wide and have two lanes. It will accommodate any size boat which can be hauled and will be available the year around.

OROVILLE GOLFERS TO PLAY HERE OCT. 2

There will be a home and home golf tournament with Oroville at the Ponderosa course in Truckee Sunday, October 2 with a shotgun start at 9 a.m.

Everyone is asked to contact Dave Rose, president of the Ponderosa Golf Club, and sign up so there will be a large turnout. There will be no dinner, just a fun day, according to Norma Russell, publicity chairman.

All members are requested to attend the meeting of the club tonight at 8 p.m. at the club house.

NEW STAR ROUTE IS BEING ESTABLISHED

A new round trip star route is being established starting at Sacramento to Truckee and on to Tahoe City and the west shore post offices of Lake Tahoe. Six day service will be required, with no holiday service.

Sealed bids must be received in San Francisco by October 18th. The required forms for bidders may be secured at the Truckee Post Office.

HENRY BLACKS WILL MOVE TO CAPITAL

Mr. and Mrs. Henry T. Black, who have operated Black's Janitorial Service in Truckee for the past several years, are leaving this week to make their home in Sacramento.

The Blacks have a contract to do the janitorial work in the state's mental hygene building and will have several employes under his direction. Their many friends here will miss the genial family but will wish them well in their new location.

Auxiliary Buys 20 New TV Sets For Hospital Patients

The women of the Tahoe Forest District Hospital Auxiliary, voted unanimous at their last general meeting to donate to the hospital, television sets to each patient room in the hospital. This represents an expenditure of $2,000 by the auxiliary. The purchase award was given to Tom's TV of Truckee, which was selected from proposals by several bidders. Television sets will be installed in each patient room — a total of twenty sets.

The auxiliary installed eight sets in the old wing of the hospital about four years ago, at a cost of $2,000. These sets have all been reconditioned and will be re-installed.

The district is indeed most fortunate in having such a devoted and active hospital auxiliary — citizens of the community are proud of the work the auxiliary has been doing. The donation of the television sets is a great asset to the hospital and more particularly to its patients.

It is the desire of the auxiliary that there be no charge to patients for the use of the television sets.

The hospital auxiliary recently sponsored the landscaping project of the new hospital, which has been very successful, thanks to the outstanding help it has received from local civic clubs and many individuals, who have been so generous with their time, money and other donations.

Mrs. McCoskey Rites Conducted

RENO — Anne I. McCoskey, 75, a resident of Crystal Bay and Nevada for 33 years, died Saturday in a Reno hospital.

Born April 18, 1891, Mrs. McCoskey was a member of the Lutheran Church and is survived by her husband, Hubert of Crystal Bay; a brother, Chris Everson of Minnesota; and a sister, Mrs. Kit Drews of Minnesota.

Private funeral services were held Monday at 1 p.m. in the Ross, Burke and Knobel Mortuary with Rev. James W. Olsen officiating. Interment was in Inglewood Park Mausoleum, Calif.

Many Attend Meet Of Deanery Locally

President Lillian Sites of the Assumption Guild on Sunday welcomed out of town guests at the Grass Valley Deanery held at the Assumption Catholic Parish Hall. Mrs. Margaret Buhe, president of the Deanery, presided at the workshop and meeting.

Representatives from National, Sacramento Diocese Council and Grass Valley Deanery officers were present as well as the president from the Mother Lode Deanery. Guest speakers were Mrs. Albert Peck, Miss Marie Harris, Mrs. Donald Tevlin, Mrs. Laurie Rader and Mrs. Parker Holmes all of Sacramento.

Other out of town guests included Peggy Powell of Auburn, Isodeen Murray, Placerville; Mrs. Charles Helzer, Sacramento; Mrs. Norma Highfill, Auburn.

The delicious luncheon was prepared by Maryann and Ida Reichlin and Dawn Maynard.

Father Patrick Coffey gave the closing prayer and welcoming address. The tables were beautifully decorated by Milla Johnson and Winnie Maynard. The next Deanery meeting will be held in January at Rocklin.

PLANS COMPLETED FOR BENEFIT PARTY

Plans are being completed for the annual benefit buffet, sponsored by the Truckee Fire-Ettes, to be held at Crystal Bay Club on Friday, September 30, at 7 p.m.

The fund raising dinner will be a benefit for the Truckee Volunteer Fire Department and it is hoped the entire community will respond to the cause.

Tickets to the dinner and entertainment are being mailed to every member of the Fire-Ettes and are offered for a $2.50 donation. Scores of free gifts will be distributed including a cash award of $100.

Harold Long, 48 and Dorothy Sutherland, 41, both of Crystal Bay were issued a Nevada marriage license.

Hill Climb Success Despite Weather During Weekend

The first rainfall of the season—the first for many months—proved a real handicap for the first annual Donner Summit Hill Climb sponsored during the weekend by the Donner Area Junior Chamber of Commerce.

Despite the storm, the spectators enjoyed the thrills of the race, sitting through the dampness and chill as the speedy, little vehicles raced up the 3.2 miles of the dangerous course.

Because of the storm, both the Saturday night barbecue, sponsored by Truckee Chapter of E Clampus Vitus and the Sunday morning breakfast, sponsored by the Truckee Lions Club, enjoyed only light patronage, but won the praises of those who did attend.

Joel Griffin of Oakland won the class A all around time of 170.65 seconds.

The second best time was set by Rich Hocking of San Leandro, also driving a Cobra in 178.80, followed by James Kless of Sausalito in a Porsche, clocking 185.70.

Don Wester of Monterey took the modified event with 219.28.

Two and three cars at a time raced up the treacherous course on old Donner grade. Course Marshal Lindsey Manning presented awards in 13 classes.

The results:

Class A — 1, Griffin; 2, Hocking; 3, Herb Holt, San Bruno, 195.91.

Class B —1, MacDonald; 2, John Vance, Oakland, 189.34; 3, Mike Moffat, Fremont, 193.44; 4, Rudy

Truckee Couple On Bike World Tour

Desination — the world!

Taking off this week to what promises to be an interesting and exciting trip to many foreign countries of the world are Preston Patnoude, former sheriff's deputy here and Stena Leufgen, custodian at the Flycasters Club for the past several years.

The couple left Monday for New England where they will visit Patnoude's relatives briefly before leaving for Stockholm, Sweden, where they plan to spend the winter.

Next summer they will devote to hiking over the Scandinavian countries of Sweden and Norway, visiting interesting landmarks, returning to Stockholm for the winter, after a visit to the Isle of Man.

The following spring, they will board motorcycles for tours of several European countries, including Italy and Greece before traveling via their motor bikes to South Africa.

From South Africa, they will tour South America, Central America and Mexico before returning home. Just how long the trip will take or where trails will lead them is uncertain, Patnoude said, but most of the travel will be on motorcycles and on unchartered roads.

SAFEWAY SEEKING PERMIT TO BUILD

The Nevada County Planning Commission on Monday, September 26 at 8:50 p.m. will hold a public hearing on an application by Safeway Stores, Inc., for the construction, operation and maintenance of a retail supermarket on property owned by the applicant at the intersection of Highway 89 and Emigrant Way, in Truckee.

Construction of the store is expected to be started in the near future, with completion date set for next summer.

Details of the proposed store have not been announced.

CONTRACTOR CITED FOR ILLEGAL BURNING

Bill Wolin, 32, a Plymouth contractor, was cited by the U.S. Forest Service Monday for having an illegal fire in Euer Valley.

Wolin, according to the forest service, was burning debris which had been accumulating from a small dam job he was working on and was of the wrong impression that the recent rains had eliminated the danger of fire and that permits were no longer required.

Warning Issued As Dog License Will Be Enforced Here

Dog owners in this end of Nevada County have until October 1 to procure licenses for their pets.

On that date, according to Cy Armstrong, local sanitarian, representing the county health department, the county ordinance governing dog control and licensing will be rigidly enforced and a pound master with a truck will be in the area to pick up all unlicensed, unwanted and stray dogs.

The animals will be taken to the shelter at Grass Valley where they will be held for a limited time for owners to claim them, following which they may be destroyed.

Licenses are available at the County Government Building in Gateway Park, Armstrong explained, in advising pet owners of the forthcoming action.

More Signatures For Incorporation

Fred Hodder, who heads the committee to bring the matter of incorporation to a vote in the Truckee-Donner area, announced this week that signatures are still coming in on petitions requesting the election.

Hodder said that an additional 30 signers sent in petitions during the week and each mail brings more, giving assurance that there will be more than sufficient at the conclusion of the drive which will be continued at least another week.

The final tabulation and verification of petitions by the county clerk is being delayed, Hodder said, to give everyone interested an opportunity to sign a petition.

"We expect to have the official verification completed by early October," Hodder explained, "to give the county officials ample opportunity to study the matter and set a date for public hearings."

Box Of Money For Blind Children Stolen

There are many mean thieves but probably one of the meanest was the person who stole the Lions Club's white cane donation can from the Gateway Bottle Shop during the weekend.

The purpose of the white cane day was to collect money to aid the blind and secure glasses for needy children.

The container had probably from $7 to $10 and was found emptied and tossed beside the street between the bottle shop and McIvers.

Charles Lomax, chairman of the drive this year, said the response was good although Sunday's collections were hampered by the weather.

SOCIAL SECURITY MAN HERE SEPT. 26

A representative of the social security administration will be in Truckee on Tuesday, Sept. 26, 1966. He will be at room 3, County Office building between 9 and 10 a.m.

He will be in Tahoe City at the Community Center (upstairs) between 1:15 and 2:15.

Anyone having questions about his social security can contact him there and he will assist you.

METHODIST MEETING SLATED FOR FALLON

There will be a Sacramento--Nevada District meeting of the Methodist Church Conference at Fallon, Nevada, Thursday, September 29 from 10:30 a.m. to 3 p.m. Luncheon will be $1.25.

Anyone wishing to attend may contact Mrs. Lyle Hubbard at 587-3298. The departure time from Truckee will be 8 a.m.

RUMMAGE SALE

TAHOE CITY — The Lake Tahoe Emblem Club will hold a rummage sale from September 24 to October 4, 10 a.m. to 6 p.m. upstairs in the Bechdolt building. Donations will be gladly accepted. For further information call Marge Zirbig, 583-5414.

AGENT HONORED

Lauren Russell, local agent for the State Farm was recently honored when he received the National Association of Life Underwriters' Quality Award in recognition of his ability to serve his patrons.

Wolverines To Be Host To Manogue In Game Saturday

In the first home football game of the season, the Bishop Manogue gridders from Reno will invade the Tahoe-Truckee high school field Saturday, the Junior Varsity contest to start at noon and the Varsity battle at 2 p.m.

It will be the second game for both teams, Manogue having lost to Reno's Wooster High Saturday in a close game 31 to 20, while the Wolverines of Tahoe-Truckee suffered a defeat at Quincy 20 to 7.

The game should be interesting and will give Coach John Prida an opportunity to test the strength of his team after ironing out bugs found in the Quincy contest. A large crowd of spectators is expected for this home opener.

Selected as outstanding players in last week's game were Gary Taylor, Wolverine center, on the line and Captain Ron Walker, defensive halfback, in the backfield.

Tahoe-Truckee's only touchdown was made by Ron Smith, halfback, who plunged in for the TD and kicked the extra point. The score came after a series of line smashes by the fighting Wolverines.

Steve Coker, 6-foot, two-inch 210-pound fullback starred for Quincy and scored two of their touchdowns.

In the preliminary games, the Wolverines Junior Varsity lost 20 to 0 and the freshmen lost 12 to 8. All games were well played and gave evidence that the local teams will have a good season.

DeMolay Hosts 100 In Weekend Party

Tahoe -Truckee Chapter, Order of DeMolay, played host to over one hundred of their brethren and friends on Sunday, Sept. 18.

Eleven candidates supplied by Toyeh Chapter, Fallon; Edwin C. Mulcahy Chapter, Sparks; Nevada Chapter, Reno; and Tahoe-Truckee Chapter made up the class which was named in honor of Frank E. Hart of Reno.

The initiatory degree was performed by Edwin C. Mulcahy Chapter and the DeMolay Degree by Nevada Chapter.

New members of Tahoe -Truckee Chapter are Gary Abrahamian, Mitchell Abbott, Greg Gunkel and Gene Osburn.

Due to the rainy weather the affair was held in the Masonic Temple instead of outdoors as planned. What was to have been a picnic turned into a very enjoyable potluck dinner handled by the Tahoe-Truckee DeMolay Mothers' Club.

Donner Auxiliary Meeting Scheduled

All past and present members of the Donner Lake Volunteer Fire Department Ladies Auxiliary are urged to attend the first meeting of the season Thursday evening at the home of Charlotte Harris on South Shore Drive across from Donner Beach.

A no-host cocktail hour will be held at 7 p.m. with dinner following.

President Gil Gilson will conduct the meeting to discuss the future of the organization.

Guest speakers have been asked to attend and explain various actions that the group may take.

TWO BABIES BORN IN LOCAL HOSPITAL

Mr. and Mrs. Pedro Jimenez of Truckee welcomed their son, David Carrillo in Tahoe Forest Hospital, September 15. His birth weight was 5 pounds, 15½ ounces.

Mr. and Mrs. Edward A. Perry of Truckee also became parents of a son, September 20, born at the local hospital.

The child weighed in at 7 pounds, 2¾ ounces but his given names were not immediately decided.

LETTER TELLS OF VIET NAM ARRIVAL

Mr. and Mrs. Richard Miles of Truckee this week received their first letter from their son, Edward Small, since he landed in Viet Nam.

Edward, a graduate of the Tahoe Truckee High School, previously was stationed in Germany but has been transferred to Viet Nam.

Inspection Reveals No Major Damage From Quake Here

For the most part, structures in the Truckee area escaped with minor damage and all can be repaired from the damage done by the September 12 earthquake and continuing minor shocks.

This is according to a report by Buildingg Inspector Jack Bergman, who with County Inspector Homer Juvinell made a summary inspection of public buildings last week following the severe rocking by the quake. None are dangerous, he said.

One of the first to apply for a building permit to make repairs was the Flycasters Club where approximately $3,000 damage was caused, including the collapse of the fireplace chimney.

Summarizing the findings of the inspection, Bergman offered the following:

Masonic Building: not severely damaged, but repairs are required on the north-east side, with patching of walls. The trusses stood the shock well and only a small fracture was found on the front of the three-story building.

Truckee Hotel: no problems.

Capitol Hall: this building was posted as unsafe until the back wall can be rebuilt and work on the interior is completed. The owner, Humbert Ciardella, has agreed to have the project done before the hall, now not used, is put into use.

Odd Fellows Hall: a series of repairs, not of a major nature, are required, including a check of the overhang on the roof, the small breaks in the front and minor interior repairs.

Kielhofer Building: alterations necessary but not major repair. Work currently under way.

Truckee Mercantile: chimney to be dismounted and the fire wall to be replaced. Work being done there.

The new county building, schools and other structures were given official okeys.

A number of aftershocks, including two which were felt rather sharply Monday afternoon and evening, continue to be nuisances but cause no damage.

Wyethia Tea Will Be Held On Friday

The annual Silver Tea of the Wyethia Federated Woman's Club will be held on Friday, September 23, from 12 until 3 o'clock at the Gateway home of Mrs. Marika Cattan, president. All members and their friends are cordially invited to attend this social meeting.

Six members, including Mrs. Cattan, Mrs. Julia Davis, Mrs. Eva Aweeka, Miss Ella Waters, Mrs. Sadie Fields and Mrs. Laura Horman attended the Sutter District Quarterly Conference and luncheon at Olympic Village in Squaw Valley on Tuesday, September 13. Progress reports and plans for the coming year were discussed.

Mrs. Cattan gave the report for Wyethia Club, including the recent participation by the club in the Community Picnic for the support of the Swimming Pool Committee. Wyethia Club operated a cake 'n cookie booth, and the profits from this booth will be turned over to the Swimming Pool Committee.

TAHOE WOMEN GETS ADDITIONAL HONOR

TAHOE CITY — The Federated Women's Club of Tahoe City has received another award for community work completed during 1964-66.

The General Federation Jubilee and Sears Roebuck Foundation award was given to the club at the recent meeting of the Sutter District board meeting at Squaw Valley during which there were 119 members in attendance.

SIX EXAMINATIONS SCHEDULED IN PLACER

AUBURN — The Placer County personnel Department has announced six examinations will be held for a variety of positions in the county government.

September 27 has been announced as the final date for filing for examinations for dietician, surgery aid, tab analyst, and communications clerk. Applications must be filed by November 15 for children's consultant and library system coordinator.

Hunting Season Is Slated To Open In District Saturday

With the deer hunting season open Saturday, September 24, in this district, hunters are faced with varying prospects but generally the season is expected to be about the same as in 1965, reports from the department of fish and game and local experts indicate.

The kill last year was far below that of 1964 and in the Plumas-Sierra district it is expected to record a further drop.

While the rain earlier this week reduced fire hazard throughout the high Sierra, it did not eliminate the danger and the forest service is urging all those who frequent the forests to be extremely careful. Campfire permits are needed in national forest areas.

Hunters are asked to check the 1966 hunting regulations booklet for areas in the late season, bag limits, and other pertinent information. Copies are available wherever hunting licenses are sold.

The hunting season will close November 13 in this district.

Hunters under 18 must have a prior year's license or evidence of satisfactory completion of a state-approved hunter safety training course before they can obtain a 1966 license and hunters must be at least 12 years of age before they hunt deer.

Shooting hours are from one-half hour before sunrise to one-half hour after sunset.

There are a number of construction jobs throughout the district and hunters are warned to be careful of their target before they shoot.

Schwartz, Frates To Play Golf Final

Don Schwartz of the Sugar Bowl and Edward Frates of Truckee won their respective matches at the Ponderosa course during the weekend and will face each other in the sixth annual Ponderosa Golf Club championships this weekend.

Schwartz defeated Graham Howard 9 and 8 and Frates defeated Jay Richards, one up.

In the women's division, Georgiana King defeated Jeri Hendrickson 5 and 3, Betty Kielhofer won over Vina Clepper by default, Norma Russell won from Hazel Stewart 2 and 1 and Mary Ann Haswell defeated Barbara Zorich 2 and 1.

Dave Rose, the club president, announced that the annual awards dinner would be held in October the date and place to be announced later.

Past championship winners in this annual event were:

1961: Mike Popovich and Norma Russell.

1962: Angelo Besio and Betty Kielhofer.

1963: Mike Popovich and Norma Russell.

1964: Mike Popovich and Norma Russell.

1965: Bob McNee and Norma Russell.

KINGS BEACH YOUTH COMPLETES TRAINING

FT. POLK, LA. (AHTNC)—Army Private Sander C. Sanderson, 21, son of Mr. and Mrs. Hans E. Sanderson, Kings Beach, Calif., completed advanced infantry training, including a week of guerilla warfare training at Ft. Polk, La., Sept. 9.

During his guerilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. He was taught methods of removing booby traps, setting ambushes, and avoiding enemy ambushes.

Other specialized training included small unit tactics, map reading, land mines warfare, communications, and firing the M-14 rifle, M-60 machinegun and 3.5-inch rocket launcher.

BOWLING STANDINGS FOR WEEK ARE TOLD

Standings in the Wednesday Scratch bowling tournament finds Donaldson's Coffee Shop and Sayre Construction tied for first place with four wins and no losses. Cedar Glen Lodge, Crystal Dairy, Candlestick Lodge and Vail's Pharmacy are in a second place tie with two wins and two losses, while the Brockway Theater and Tahoe Laundry trail with four losses.

Letha Newlin with a score of 208 was high for the game and Betty Sayre is high for the series with 729.

MARRIAGE LICENSES

Deputy County Clerk Callie Kydd last week issued three marirage licenses. They were to Douglas William Bulman, 19, Kings Beach, and Myrna Elizabeth Wayman, 24, Incline Village; Kenneth Quintin Cringle, 41, and Betty Gene Seely, 42, both of Eureka; Terrance J. LaPointe, 26, and Susan Lorraine DeLorey, 19, both of Reno.

Artists Praised For Tahoe Art Exhibits

TAHOE CITY — John B. Matthews, former head of the Art Department at Sacramento City College and director of the Crocker Art Gallery made these comments concerning the Tahoe Heritage Art Show held recently in Tahoe City.

"Congratulations to yourself and your group of workers and to the artists themselves for a very impressive art show. I was truly amazed at the number of artists represented and it was most difficult to pick the top awards, they were very close in merit. You have a lot of capable artists and evidence of great interest and enthusiasm. What a 'natural' to develope a lively art center at Tahoe City. It is inevitable!"

Among the artists receiving awards weret: Greg Garnett, Tahoe City, Betty Layton, Tahoe City; John Sinclair, Tahoe City, Don Woltan, Tahoe City; Hank Dodd, Tahoe City; Carl Olander, El Cerrito, Jean Joynt, Tahoe City, Dorothy Fordham, Truckee; David Stollery, Margaret Carpenter, Tahoe City, Julia Davis, Raphael Jolly, Truckee, Virginia Kiser, Tahoe City.

The Best of Show was awarded to Lola Toccalini, Truckee for a still life and the People's Choice went to John Sinclair, Carnelian Bay for his "Brooding Figure." John is seventeen years old.

With the proceeds of the show The Tahoe Heritage Foundation is arranging for the purchase of exhibit cases which will be donated to the local school for the display of historical artifacts.

New Record Set In Travel Over Freeway

There was a total of 237,515 vehicles checked westward through the Truckee quarantine station during August. This was far in excess of any of the other reporting stations, the monthly report from the department of agriculture indicated.

There were 229,831 automobiles, 6,565 trucks and 1,119 buses. Clerks at the station intercepted 1,194 lots of plant materials.

The count last month was approximately 4,000 above the record set at the local station in August, 1965.

Before Alpine County became part of California, it has been at times part of the Territory of Utah and later the Territory of Nevada.

Firemen Complete Training Sessions For Squaw Valley

SQUAW VALLEY — Friday climaxed a summer of training for regulars and volunteers of the Squaw Valley Fire Department. This summer additional responsibility was added to the fire department when County Services Area 14, comprised of all the developed area within Squaw Valley, signed a contract with Squaw Valley Fire Department for fire protection. This action doubled the size of the area that the fire department has to protect.

"With our new district training is doubly important," said Chief Butler. "I have never seen an efficient department that was not well trained. Whenever there is a snafu in a fire department operation it usually can be traced to training inadequacy.

"Fire fighting is a dangerous job. A well trained man can better protect himself. The citizen has a lot to gain too. A well trained fireman does a better job. Time can not be better spent than on training in a fire department."

On Friday, August 26, the Squaw Valley department wound up a 30 hour course in basic firemanship. Such subjects as fire behavior, hose lays, ladders, wildland fires, and search and rescue were covered. U.S. Forest Service, Truckee Ranger Station assisted in wildland fire training by sending guest instructors. District Ranger Dave Mohla, Fire Control Officer Nelson Stone, Helicopter Foreman Gary Shelton, and Foreman McCarrol were among the guest instructors. Squaw Valley's Snow Safety Specialist LeRoy Hill gave the classes on search and rescue. The regular fire department crew, under the direction of Chief Butler who has a teaching credential in Fire Science, conducted the rest of the classes. A certificate of completion will be issued to those who successfully completed the course.

Then, beginning Monday, August 29, J. McLaughlin, training instructor from the Department of Industrial Education, began a 15 hour course in Use of Tools and Equipment. Twenty members completed this course and will receive certificates of completion. Twenty seven members completed the 30 hour course.

"I am very satisfied with the results," said Chief Butler, "but training is a continuous thing. We will continue to hold our regular drills. We are working on a 15 hour pump operators class for next spring."

Employer payments other than those itemized herein, as defined in Section 1773.1 of the Labor Code, are to be paid in accordance with the terms of the collective bargaining agreement applicable to the type of classification of the workmen or mechanics employed on the project.

Overtime, Sundays and Holidays — not less than one and one-half (1½) times the basic hourly rate plus applicable employer payments. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

Copies of all collective bargaining agreements relating to the work as set forth in the aforementioned Labor Code are on file and available for inspection in the office of the Department of Industrial Relations, Division of Labor Statistics and Research.

Attention is directed to Section 7-1.01G of the Standard Specifications providing for employment of apprentices on the work. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the trade at which he is employed. Information relative to employment of apprentices shall be obtained from the Director of the Department of Industrial Relations, who is the Administrative Officer of the California Apprenticeship Council.

Pursuant to the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages and employer payments for health and welfare, vacation, pension and similar purposes in the county in which the work is to be done to be as follows:

Basic Rate per hour	Classification	Employer payments for H and W	Vacation	Pension
	SKILLED LABOR

Bernice (French) and Henry Maltby held a house warming at their new home on Sunday the 11th of September, from noon until 6 o'clock at Skyland. The Maltbys were former Oakland residents, recently retired from business, and had nephew, Karl Olson and partner, Gus Schwartz, of Skyland built their home atop some of Tahoe's huge rocks and overlooking the Harrah home. The house has an almost 100 percent view from all rooms with decks which makes it free from gardening except for native shrubs.

Henry's mother was a Hotchkiss from Lincoln and he spent many a summer as a youth working on the west shore of Lake Tahoe. So Henry is not a newcomer but a true oldtime Tahoeite. Bernice's sister and husband, Mary (French) and Carl Dyer who are year round residents of Kings Beach, except for occasional trips to the four corners of the continent, assisted the Maltbys.

John Graf, son of the C. R. Graf family of Incline Village, has enrolled at the University of Chicago while Peter has chosen the University of Southern California at San Diego.

* * *

Oru deepest sympathy to H. E. McCoskey of Incline Beach on the death of his wife, Anne, on Saturday September 17th in Reno at St. Mary's Hospital. Anne was a resident of Crystal Bay and Nevada for the past 33 years. A brother and sister, Chris Everson and Mrs. Kit Drews of Minnesota also survive her.

Ann's wit, zest of life and fun loving disposition which she always displayed in our presence will be greatly missed.

The William H. Millers of San Rafael returned grandchildren Jon, Scott, and Tami Knorpp to their parents, Jack and Darlyn Knorpp of Crystal Shores, juset in time for school. A vacation trip to Disneyland, Marineland, Knotts Berry Farm, Wax Museum and various side trips made a happy time together.

Mae Smith, Jackie Funkhouser and Natalie Gardner of Reno enjoyed luncheon with Mae Springer of Incline Village at the Lake Tahoe Hotel Friday. Mae is a former Incline resident.

* * *

Weekend guests of Bob and Tally Daneri at Kings Beach were Bob's aunt and uncle, Dan and Lou Daneri, of San Rafael.

* * *

Happy birthday to Bob Daneri of Kings Beach who celebrated his natal day on September 18th, much to his surprise. He was going to ignore the whole matter but wife, Tally, and Jetta Steward invited guests to a surprise party at the Daneri's home so he observed the occasion with Mex and Mae Springer, Roy and Nellie Porath, Ken and Lou Hiatt, Bill and Audrey Adams, Irene Kaiser and Bern May.

* * *

Houseguests of Mex and Mae Springer this past week were Ted and Eleanor Wigstone of Torrence, Eleanor being Mae's cousin.

* * *

Emmajean Hume has returned to her Incline Beach home and husband, Jimmy, from Pasadena and a bout with pneumonia.

* * *

The Community Beach at Incline Village was the setting Sunday the 11th for a steak barbecue honoring Governor Grant and Bette Sawyer and Roger Bissett. Many Incline residents enjoyed the beautiful day and barbecue with the governor and his entourage.

* * *

A family dinner celebrated the third birthday on September 12th of Tommy Springer, son of Mex and Mae Springer of Incline Village. Enjoying dinner, cake and party fun with Tommy were grandparents, Charles and Marg Hesse of Reno, Jetta Steward, Irene Kaiser and Joanna Scotton, and brothers Rickey and Johnny.

Reminder — if you haven't a ticket for the Fireman's Ball for Saturday night, September 26th at the Noth Shore Club, contact a Fire Siren, not just any siren but a member of the group of which Caroline Johannes, 831-0538, or Hildegard Willmann, 831-0884, are president and publicity chairman respectively. It'll be a ball with all the local people now able to have fun after a busy summer. Or call Jimmy Hume, J. C. Jordan or Harold Murphy at the North Shore Club, they'll love to hear from you-all.

* * *

Pete Tokon of the San Fernando Valley is vacationing with longtime friends, Fred and Alysmae Schultz at Incline Village. He is a sports columnist for a San Fernando Valley paper.

* * *

W. P. and Vivian Kisiluk of Incline Village are planning a cocktail party before attending the Fireman's Ball Saturday night. Dick and Ruth Mays, Clinton and Marge Brown, Jack and Norine Crom and William and Jackie Todd will join the Kisiluks for the evening's fun.

* * *

The first fall meeting of the St. Francis of Assisi Guild was held at the Rectory on Thursday, with Vivian Kisiluk, president, Jeri Niday, vice president, Paula Gurney, treasurer, and Pat Crow, recording secretary, Norine Crom, Pauline Talcott, Nancy Matzell and A. Desmond among those present.

The Guild will meet on the third Thursday of each month until next summer. Vivian says to circle the calendar on that date Guild members.

* * *

Sisters of the Sacred Heart from Reno registered those who will be attending catechism which started on the 20th.

* * *

Dr. Stewart Wheelwright of Salt Lake City, Mrs. Elma Draney of Afton, Wyoming, mother of Ted and Veryl Draney of Incline Beach and Kings Beach, Loa Call and Margaret Anderson of Bountiful, Utah, were house guests of Ted and Pearl Draney of Incline Beach this past week.

* * *

Jim and Beverly (Ribal) Bull of Sacramento and her son, Woody of Sacramento were visitors on the North Shore over the weekend.

* * *

Shelley and Robin Christensen, daughters of Rhetta Flagerman of San Rafael, were Reno visitors to girl friends and Bethel Van Tassel and son, Pieter, on Sunday.

* * *

Sally Foote and son, Johnny, of Incline Village have returned to home after visiting Sally's mother, in Salem, Massachusetts.

* * *

Rick Murphy, son of the H. G. Murphy's of Incline Village, visited his parents after completing boot camp at San Diego. He returned to special training classes in the CBs at Fort Huenene, Oxnard, California.

* * *

Clarence and Lucille Griham of Incline Village enjoyed a visit from son Jim, who spent the weekend with them enroute from San Francisco to Cincinnati where he makes his home.

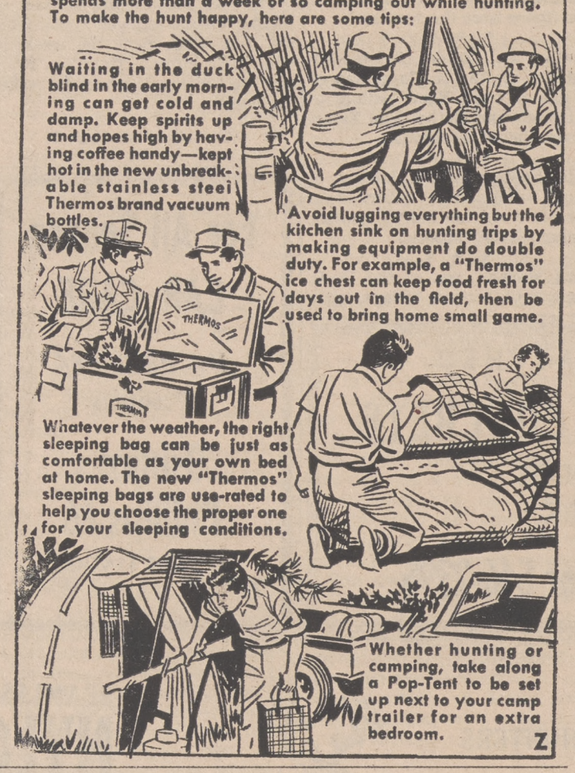
A-HUNTING WE WILL GO

More than 20 million Americans each year head for where the game is. With equipment in hand and faithful Rover by his side, the American hunter joyfully goes back to nature. And whether he takes the family or goes it alone, he often spends more than a week or so camping out while hunting. To make the hunt happy, here are some tips:



Waiting in the duck blind in the early morning can get cold and damp. Keep spirits up and hopes high by having coffee handy—kept hot in the new unbreakable stainless steel Thermos brand vacuum bottles.
Avoid lugging everything but the kitchen sink on hunting trips by making equipment do double duty. For example, a "Thermos" ice chest can keep food fresh for days out in the field, then be used to bring home small game.
Whatever the weather, the right sleeping bag can be just as comfortable as your own bed at home. The new "Thermos" sleeping bags are use-rated to help you choose the proper one for your sleeping conditions.
Whether hunting or camping, take along a Pop-Tent to be set up next to your camp trailer for an extra bedroom.

DONNER DOINGS

By Mrs. Carson "Vi" White

Sunday's penetrating rain was received with mixed emotions. Surely the forest service personnel were overjoyed that it helped end the critical fire danger, but the Donner Area Jaycees were apprehensive as to the outcome of the Hill Climb.

Fortunately wet weather didn't dampen the spirits of the sports car drivers and the little speedsters just kept right on heading up the old Donner Grade. Their challenging motors could be heard throughout the area.

It was interesting to see all the different designs and paint jobs as the cars were lined up ready for the start at the bottom of the hill, but it was equally fascinating to watch them maneuver around the bales of hay from the good vantage point on the rocks above the ARRIVEE sign.

Quite a number of cabin owners came up for the weekend to check earthquake damage to their buildings. Only a few things fell off shelves, some reported broken windows, cracked chimneys or foundations, but nothing real serious. It is still a miracle that there were no injuries with a jolting like we had.

* * *

Dorothy Maragliano was hostess last Tuesday for the members of the Sierra Tinker Belles Garden Club at her lakefront home. She showed the group her interesting method of making hooked rugs, pillows and chair pads.

The members met several times earlier this month and made attractive parchment notes which were sold at the Swim Pool Fair a couple of windy Sunday's ago. The club was pleased to do their share and donated $30 to the fund from the sales that day.

Arrangements are being made for a field trip next Tuesday to visit the Sagehen Experimental Station.

Hazel Hall asked me to remind women that a very worthwhile Eastern Star project is in need of more help. Bandages for cancer patients are being made each 2nd and 4th Wednesday evening at the high school Home Economics room from 7:30 to 9:30 p.m. Ladies, please help if you can.

* * *

Thet state hopping StClaires are back. Tony and Claudia left Donner Lake a couple of years ago to settle in Florida, but moved to Washington State and are now living in Reno. They attended the Lion's Club breakfast Sunday morning with Joan and Bud Affeldt to partake of the delicious pancakes and all the trimmings. Paul Shively's crew were out before dawn at Donner Beach. What tastes better than an outdoor breakfast, especially on a cold wet morning! The spot was in full view of the exciting Hill Climb start.

* * *

Rain almost spoiled the day for Gil Gilson and Ozella Slate, but the sun soon came out in San Francisco. They rooted for the Giants, but the Pittsburg Pirates ended the game with a 3 to 1 lead at Candlestick Park.

* * *

Oops, this is clean-up time again. Time to get ready for a snowy winter we all know is coming all too soon. Got that wood in, those gardening chores done, the last minute painting work finished? Let's make a point to straighten up the outside now!

* * *

Deer hunting season starts Saturday, welcome hunters! We haven't seen as many deer this year, but it's certain some of you will come back with bucks.

* * *

A very important meeting of the Donner Lake Volunteer Fire Department Ladies Auxiliary will be held tonight at the home of Charlotte Harris. All past and present members are urged to attend.

* * *

Parents, do you know where and what your children are up to? Someone has been maliciously shooting cabin windows at the west end. And what about the rocks that were thrown on the road during the Hill Climb last weekend? So uncalled for!

50 YEARS AGO

From the Truckee Republican Sept. 14, 1916

The Truckee Stone Garage has been sold by L. M. Cartee to F. H. Brummond of North Dakota and A. A. Benson of Auburn, who will carry on the established blacksmithing and automobile business.

S. R. Cupplies had a work train on last week between here and Champion, ballasting the tracks before snow flies.

Willie Koppe arrived last Thursday at Hobart Mills from San Francisco in his big Benz car.

V. M. Cassidy of Yuba City was a Sunday visitor at the home of his brother, Editor B. A. Cassidy, in Truckee.

Among receipts in the Nevada County treasury for August, 1916, was a $27 fees and fines from Justice of the Peace C. A. Ocker.

Movies were being shown each Tuesday, Thursday, Saturday and Sunday at the "Masonic Theatre" with a dance after the show every Saturday night.

C. J. Hogg of Hobart Mills was a Sunday visitor at the Summit, making the trip on "Shank's mare."

Mrs. S. R. Cupples, who has been very ill during the past few weeks at Auburn, is very much improved and will be able to return home in another week.

30 YEARS AGO

From the Sierra Sun October 1, 1936

A brief ceremony, during which the last log was cut, marked the closing of Hobart Mills. T. K. Oliver had the honor of sawing the last log. The plant was first erected in 1897.

The George W. Condon Company of Omaha, Nebraska, was low bidder with a figure of $729,435 for construction of the Boca Dam on the Little Truckee River. Work will start by the first of the year.

President Charles White will preside at the meeting of the chamber of commerce at the California Cafe.

The Tahoe City Volunteer Fire Department was to be congratulated for itis fast work in extinguishing a fire at the Standard Oil Company plant where a blazing car created a scare.

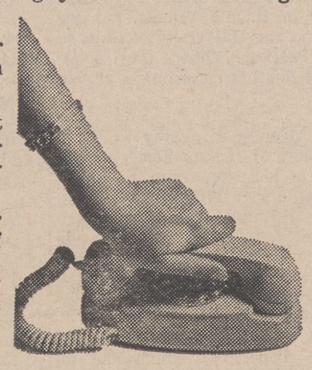
Some important words on a serious subject

I hope you never receive a malicious phone call, but if you do, here are some things you can do to discourage the caller:

Hang Up—if the caller doesn't answer when you say "hello."

Hang Up—at the first obscene word or improper personal question.

Hang Up—if the caller doesn't identify himself to your satisfaction. And remember, never give your telephone number to an unknown caller.



If malicious calls pesist, call our Business Office at Tahoe City, 583-3423. We have employees who are trained to assist and advise you and who can frequently help in identifying the origin of unwelcome and troublesome calls. Obscene or threatening phone calls violate state laws, and conviction can result in fines and imprisonment up to six months. We're working closely with law enforcement agencies in prosecuting violators. We want to do all we can to protect your right to privacy.

Football Heat Deaths Preventable, Says AMA

CHICAGO—Heat deaths among high school and college football players could be a thing of the past if coaches and players follow recommendations made at a meeting here recently.

When football practice opens in a few weeks, the first hot days could be dangerous for players unless precautions to avoid heat illness are taken now, a panel of medical and sports authorities agreed.

Heat illness last year caused the deaths of one college football player and four, possibly five, high school players. It contributed to "close calls" and injuries of many more.

The five-man panel, appearing at a meeting sponsored by the American Medical Association's Committee on the Medical Aspects of Sports, agreed that:

1. Prospective football players should get out of air-conditioned surroundings now and start getting accustomed to vigorous exercise in hot weather.

2. Coaches should abandon the old practice of withholding water from athletes during practice. Failure to replenish water and salt lost through perspiration increases the chances for heat exhaustion or heat stroke.

3. Athletes should be acclimated to hot weather by carefully graduated practice schedules. At least the first five days of practice should be devoted to non-contact workouts.

4. Both coaches and players should be alert for signs of heat illness, such as lethargy, stupor, awkwardness, or unusual fatigue.

University of Kentucky football coach Charles Bradshaw said his squad's practice sessions were improved by regular breaks for water and rest. Overworking players in hot weather only decreases their efficiency, he said.

Said Purdue University's team physician, L. W. Combs, M.D.: "Coaches used to think that if a player lost a lot of weight on the first day or so of practice, it was a good workout. Actually, all the player lost was body liquid—which is dangerous."

Allan J. Ryan, M.D., team physician at the University of Wisconsin, agreed with Dr. Combs. "Any player who loses more than three per cent of his body weight in a practice session is not getting enough salt and water," he said.

Excessive salt and water loss can result in heat stroke, an extremely dangerous condition, Dr. Ryan pointed out. Anyone can suffer heat stroke if he is active in hot weather and neglects to replace salt and water lost by perspiration. The result is a breakdown in the sweating mechanism and collapse.

If prompt measures aren't taken to get the heat stroke victim cooled immediately, the result can be death —sometimes within 15 minutes.

Approximately 850,000 boys in 14,500 U.S. high schools now play football, said Clifford B. Fagan, executive secretary of the National Federation of State High School Athletic Associations.

"The few deaths that occur football can probably never be pletely eliminated," Fagan "but we can eliminate deaths due to heat illness—they are preventable."

Coaches can avoid trouble by keeping a close watch on their players for the first signs of heat illness, said William E. Newell, athletic trainer at Purdue University and executive secretary of the National Athletic Trainers Association.

Parents can help protect their athlete-sons by watching for signs of fatigue and emotional strain, such as loss of appetite and poor sleep habits, Newell said.

Fred Hein, Ph.D., director of the AMA Department of Health Education and secretary of the AMA's Committee on the Medical Aspects of Sports, was panel moderator. Dr. Ryan is a member of the AMA Committee on Exercise and Physical Fitness, and is a past president of the American College of Sports Medicine.

Vive Les Girls Now In Final Two Weeks

CRYSTAL BAY — "Vive Les Girls", the spectacular adults-only musical revue that has enthralled and delighted over 30,000 showgoers to North Lake Tahoe's Nevada Lodge is now entering its sixteenth and final week.

The extravaganza features a stunning array of beauteous showgirls from the United States, Europe and Asia. Statuesque Jacquie Walters stars as lead dancer, bringing to the shores of Noth Lake Tahoe a background of appearances at Paris' famed Moulin Rouge, where she met producer Fredric Apcar.

Apcar has created an entirely new revue for 1966, bringing together an adult potpourri of glamorous girls, fast-rising singing stars, intriguing specialty acts — all designed to provide a fast-paced continental revue in the tradition of the Folies Bergere and the Zeigfield Follies combined.

Starring on the male side is English-born Gary Marshal, RCA Victor recording artist and veteran British television performer, who is quickly rising to the American showbusiness heights. Marshal has been likened to Robert Goulet; his two RCA releases have been prominently featured on metropolitan radio stations, and he will soon make his American debut in motion pictures.

Rounding out the show, complementing the lavish dance numbers and musical presentations are a group of fascinating specialty acts. Rola & Rolan dazzle audiences with startling gymnastic balancing feats which have enthralled nationwide television audiences. The Great Carazini puts on an "impossible" cigarette smoking display which defies explanation; Charlotte Arren and Johnny Broderick create their irrepresible "Opera in the Ruff" performance which has won them applause across the nation.

"Vive Les Girls" will be staged nightly in Nevada Lodge's Topaz Room through October 1. Continuous entertainment is also featured in the Nevada Lodge Lounge from dusk 'til dawn. Presently featured is Lewis and Marone.

RATES ESTABLISHED FOR TAHOE WATER CO

SAN FRANCISCO — The California Public Utilities Commission has granted a certificate of public convenience and necessity to Timberland Water Service, owned by Anders A. Nyquist and his wife, Nellie E., and authorized and increase in rates.

The commission turned down the request for annual rates at this time and instead established seasonal charges for both metered and flat rate customers.

Timberland serves 68 customers in a 78-acre area three miles south of Tahoe City on the lake shore. Present charge to most customers has been $18 per season, which the commission staff found after analysis fails to provide revenue as high as expense.

An annual minimum rate of $72 was proposed by the utility, but the commission said "it would appear reasonable to defer granting annual rates until replacement of the system has been completed" and experience and customer usage reveals need for all year service.

The commission authorized seasonal flat rates of $36 for the May-October season and $36 for the November-April season. Seasonable minimum charge for metered service was set at $34.50 for each season.

UNIQUE FILM MADE AVAILABLE TO SCHOOI

Presentation to local schools of a unique educational film series which brings history to life in the classroom was announced today by Neil W. Plath, president of Sierra Pacific Power Co.

The timely films will be available to schools throughout the utility's 15,000 square-mile service area in Nevada and California as a public service.

Released in ten monthly issues during the school year, Screen News Digest reports, in depth, on headline persons, places and events around the world. Now in its ninth year, the award-winning motion picture program is the only film presentation of its kind in the audio-visual field.

School officials in Sierra Pacific's service area told the utility the new film series would be a valuable adjunct to social studies in the classroom.

Screen News Digest is produced by Hearst Metrotone News, one of the oldest and largest news gathering organizations in the world. It is currently being seen by more than four million students in 12,000 junior and senior high schools in the United States and Canada but had not been shown locally until Sierra Pacific Power Co. arranged distribution to the many schools it serves.

NROTC Tests To Be Held In School

Applications for the navy's twenty-first annual regular NROTC qualification test are now available at the Tahoe-Truckee High School. This nation-wide examination will be given on December 10, and all eligible male high school seniors and graduates may apply.

On the basis of this test, personal interviews, medical examination, and other factors, over 1,700 young men will enter the regular NROTC program as midshipmen at NROTC units in 52 colleges and universities throughout the nation. Male citizens of the United States who will be at least 17 but not yet 21 on June 30, 1967, and who are now high school seniors or graduates may be eligible to apply for the test. Those who attain qualifying scores will be interviewed and given medical examinations next January and February.

A successful candidate receives financial aid for four years of college. This includes tuitions and educational fees, books, uniforms, and $50 per month subsistance allowance. After successfully completing baccalaureate degree requirements and naval training, graduates are commissioned as officers in the U.S. Navy or Marine Corps.

Regular NROTC midshipmen participate in three summer cruises with various naval units. These cruises help them learn more about the variety of interesting and challenging opportunities available to them as naval or marine corps officers.

Registration for the test will close November 18, 1966. 1967 NROTC Bulletins containing eligibility requirements and qualifying test applications are available at the high school or at any U.S. Navy Recruiting Station.

Mrs. Henry Attends Important Meetings

TAHOE CITY — Marie Henry of Tahoe City is at home following a very busy week end, having attended three important functions in as many days. Saturday she was a guest at the 19th birth date of the Sacramento Air Force Association at Mather Air Force base when informative talks, a banquet, combined with awards and golf made the event a pleasant one.

This was followed by an executive meeting at the El Dorado Motel on Sunday when finishing plans were made for the convention to be sponsored by the Sacramento chapter of the Air Force Association, October 21,23. Mrs. Henry is the representative of the Lake Tahoe chapter of the important group.

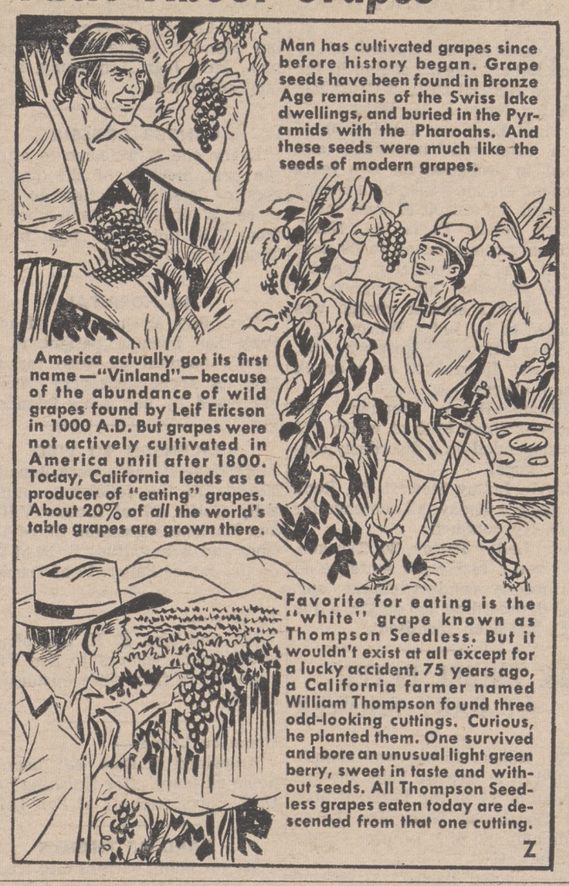
Facts About Grapes



Man has cultivated grapes since before history began. Grape seeds have been found in Bronze Age remains of the Swiss lake dwellings, and buried in the Pyramids with the Pharoahs. And these seeds were much like the seeds of modern grapes.
America actually got its first name—"Vinland"—because of the abundance of wild grapes found by Leif Ericson in 1000 A.D. But grapes were not actively cultivated in America until after 1800. Today, California leads as a producer of "eating" grapes. About 20% of all the world's table grapes are grown there.
Favorite for eating is the "white" grape known as Thompson Seedless. But it wouldn't exist at all except for a lucky accident. 75 years ago, a California farmer named William Thompson found three odd-looking cuttings. Curious, he planted them. One survived and bore an unusual light green berry, sweet in taste and without seeds. All Thompson Seedless grapes eaten today are descended from that one cutting.

MAILING DATES FOR OVERSEA ANNOUNCED

The period of October 21 to November 10 has been designated for mailing Christmas parcels and greeting cards by surface transportation to members of our armed forces overseas. For airmail parcels the period is December 1 to December 10, Postmaster Louise McCallen announced

All articles should be packed in boxes of wood, metal, solid fiberboard, or strong double faced corrugated fiberboard. All fiberboard boxes should be securely wrapped in heavy paper and should be well tied with strong cord. Sufficient cushioning material should be used to prevent any rattling or loosening of articles within the package. Unless tightly filled, boxes are likely to be crushed. A slip showing list of contents and the name and address of sender and addressee, should be enclosed in the parcel.

DOMESTIC MAIL

Gift parcels for distant states should be mailed before December 5. The name and address of both the sender and addressee should be enclosed in each gift parcel. Surface mail for Alaska and Hawaii should be mailed not later than November 30.

Back from Southland —

SIX CASES HEARD IN JUSTICE COURT HERE

Six cases were disposed of by Judge Robert Fugazi, sitting in the Truckee Judicial District Court last week for Judge F. W. Wilson.

Burnell Euer was fined $250, of which $100 was suspended and placed on probation for two years following his conviction on a charge of illegal possession of deer meat.

Hugh James Davis, 56, North Carolina was sentenced to 60 days in jail on a disorderly conduct charge following his re-arrest six hours after a similar charge was disposed of by Judge Wilson.

Robert Harold Morrison, 57, Reno, was fined $330 on a drunk driving charge.

William Hance Stephens, 40, Reno was fined $100 of which $75 was suspended on a disorderly conduct charge.

Marvin LeRoy Stewart, 59, Reno was given a 60-day jail sentence for disorderly conduct.

Tony LeRoy Patton, 30, Truckee, was given a 30-day jail sentence on a disorderly conduct charge, suspended providing he obtain a job which had been promised.

MRS. ZIRBEL FETED AT BABY SHOWER

Mrs. Robert Zirbel was complimented at a surprise baby shower, September 14 in the home of Mrs. Don Westbrook with Mrs. Loren Ferdinand and Mrs. Charles Lomax as co-hostesses.

The selected theme was carried out in the pink and blue decorated cake and flower centerpiece, flanked by an arrangement of candles and balloons.

Games were played in the living room where a mobile stork and flowers were cleverly displayed.

Invited guests included Stena Leufgen, Daisy Foote, Mildred Jones, Gaby Schwarz, Ardine Keith, Margaret Copeland, Lorraine Free, Connie Kammerer, Janelle Sassarini, Mabel Vahey, Carol Jones, Evelyn McQuary, Charlotte Atkinson, Dorothy Kay, Marge Frates, Marilyn Midyett, Rosalie Vail.

Letter to the Editor

The following letter was received by Mrs. Gladys Dolley, chairman of the Sierra Tinker Belles Garden Club Flower Show that was held at the Truckee Firehouse July 30, 1966 to raise money for outdoor furniture at the Tahoe Forest Hospital.

July 29, 1966

Dear Mrs. Dolley:

I saw the item in last Sunday's paper about your flower show and what you were going to do with the proceeds, I think that is a very nice thing you are doing.

You no doubt are wondering who and what I am, anyway, this is my little story. February 11, 1961, my son was in a very bad accident and he was rushed to Tahoe Truckee Hospital, and if it hadn't been for the wonderful staff, there, he might not be here today, you see it still gets me upset.

Those two wonderful doctors, Dr. Wiser and Dr. Cole; we thanked them gratefully, but somehow no one can really know how we felt in our hearts.

The nurses were grand and so very understanding, we pestered them to death I know, but they were so understanding.

After Ron started to get well he even had the nurses aides running all over for him. They were cute little tricks and he was 21, you can imagine.

My heart went out to that little hospital smuggled in the hollow of the mountains, it will always be very precious to me. Best of all they gave me back my boy.

With al lthis chatter you would think I was going to give a million, I only wish I could, but please find enclosed $5.00 for your most worthy cause.

I remain most humble to T.F.H.
Mrs. H. D. Mackintosh
2000 - 10th Avenue

P.S. I hope you go over with a bang.

PARENTS BLAMED IN STUDENT ATTITUDE

SACRAMENTO—(CNS) — Thomas W. Braden, president of the state board of education, said parents have let some of their responsibilities slip to the schools and called on them to instruct and train their children in some basic attitudes.

"Parents are making increasing demands on the schools and on those who labor in them," Braden said, "and the schools are assuming more and more of the responsibilities formerly reserved to the home and family.

"Education, however, must always be a cooperative enterprise between the school and family and I, therefore, have no hesitation in asking parents to cooperate," he said. "I ask that prior to the resumption of classes, each parent sit down with his child for a few extra minutes and stress these points."

1. Good citizenship is not a product of school courses but is based on a student's respect for law and order, meaning repsect for school regulations and teachers.

2. A good academic start on the school year is worth many times as much as belated effort.

3. Respect for and cooperation with the teacher can bring joy of learning, lasting friendship and memories which will lend strength to a lifetime.

4. Vandalism or careless use of school property, whether a building, a playground, a desk or a book, is self-destruction, for the schools belong to the students and their parents.

In Cast —

Steve Besio has been using crutches with his leg i na cast following an injury while at work.
